

Used APMC 22 Ton Hydraulic Clicker Die Cutting Press (AP-10491)

Model: APM-SA22; Ton: 22; Quantity: 1 (Used Machine)

Features

Features

The swing arm clicker is the workhorse for many die cutting applications and also a very capable entry-level machine. We are proud to offer the Associated Pacific Machine APM-SA series of Swing-Arm Clicking Machines. Whether you are looking for an additional cutting machine, a replacement for an old machine, or you are looking to get started in the die cutting industry, the APM-SA22 is the perfect machine for your needs.

Advantages

- Automatic stroke-end setting-up to use cutting knives of different heights without any adjustment
- Control push buttons with built-in device for 3/10 of a second maximum delay operation to ensure positive safety.
- Higher speed of operation and greater productivity which can increase material yield.
- Reduced wearing of cutting dies and a dramatic increase in savings on cutting pad costs.

Range of Applications

- Manual die cutting of materials such as foam, textiles, plastic, rubber, packaging, vinyl, leather, composites, fiberglass, cork, wood, gasket materials (non-asbestos, teflon, etc.) and more.

Options

Machine Options
